

The Ergomat XL Bubble is made of pure polyurethane and is designed to increase comfort while reducing tripping hazards, body aches, quality issues, and sick leaves. This is the ultimate mat for dry environments or where static control is a must.

Unmatched Safety Features

- 2" (5cm) Yellow or black bevels
 - They will never curl up, eliminating tripping hazards
- Any size, any shape mat, always in one piece
 - No overlapping or worn-out connecting mats, also eliminating tripping hazards
- 1" (2.5cm) Thickness

Highest Quality

- Virgin raw material only
 - Unbeaten durability and ergonomic relief
- Not only anti-fatigue, but also true ergonomic benefits
 - Unique ergonomic designs, eliminating and preventing common problems encountered in standing environments stimulating the body to increase blood circulation and alertness that will reduce sick leave, workers' compensation and quality issues.
 - Solid mat throughout; no hollow bubbles that collapse

The XL Bubble Mat Advantage

- Solid mat throughout, no hollow bubbles that collapse.
 - Long-term solution to keep the "bounce back" effect throughout the warranty period.
- Anti-static properties
- Silicone & latex-free
- Cleanroom ISO Class 5 (100)

8-Year Warranty

All Ergomat product lines are conditionally warranted against normal usage* 24 hours a day, 7 days a week. The warranty does not cover damage caused by the mat being dragged or pulled from a heavy load or items being pushed or dragged across the product, such as skids or pallets. The warranty against chemicals, oils, liquids, or other matter differs with the type of mat. Please consult your dealer or an Ergomat Rep to select the correct mat for your environment. The warranty periods starts from the date of purchase. The warranty only covers the replacement of the product, no direct or indirect costs are covered.

* It is considered normal usage when a person stands or walks on the Ergomat with regular footwear in an environment where the temperature is under 25° C (77° F) and the humidity is below 80%.

This mat requires add-on bevels. It can also be supplied with holes for drainage and air flow.
