

Vision entrance mat

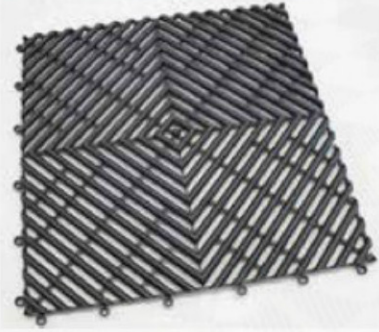

Black

Dark grey

Light grey

A functional Vision entrance mat has effective cleaning action and is extremely durable. Unique pattern of non slip lines on the surface of the tile capture dirt, sand and debris in the entrance area.

Vision entrance mat is ideally suited for entranceways with high density foot and trolley traffic, such as shops, shopping centres, hospitals and schools. Vision is strong matting for a long life span in demanding indoor and outdoor conditions.

Mat has an open construction and innovative design that gives high dirt and dust retention and keeps surface safe and clean.

Vision interlocking tile is fully compatible with the Vision Carpet entrance mat tile.
