

A chair and its user
rarely suit each
other this well.

The Aeris Oyo is a rocking chair with a difference – it moves you, rather than vice versa. The unique combination of rocking chair, saddle seat and bucket seat means you can sit in an Aeris Oyo any way you want.

You will fall in love with the Aeris Oyo straight away. Its curved shell shape embraces you like a hug. The movement of the chair will help you concentrate – and smile.

Happiness included

When the body is active, the mind can find its equilibrium. In a meeting, if you can keep your body moving, your thoughts will be more focused and it's more fun.

Sit how you like, where you like

The Aeris Oyo keeps you moving. You can sit in it any way you want – with the backrest behind you, to the side or even in front. With the Aeris Oyo, there's always more than one way to sit.

Easy on the body, easy on the eye.

Your body and the Aeris Oyo – two design elements, as if cut from the same cloth, co-existing in exquisite harmony. Yin and yang. Hip and hop. You and your Oyo.

Design by Ballendat

DESIGN BALLENDAT

With its beautiful design, the Aeris Oyo looks good anywhere – at home, in meeting rooms, in lounges, at the dining table – or even as a clothes rack in the bedroom.

Frame

Seat cover

Each one is handcrafted in Germany with great care and precision.

It was about time to reinvent the way we work and live.
So that's just what we did.

The issue: We sit too much and don't move enough.
This is detrimental to our health. The lack of activity
robs us of our concentration, energy and creativity,
even after a short amount of time.

The solution: Aeris is driven by the goal of keeping
our bodies in constant movement. Our products and
concepts contribute to an active and healthy lifestyle.
They enable movement in precisely the areas where
it's least expected, but where it's needed the most
– when sitting.

We are your secret ingredient for a more active,
healthier and subsequently happier life.
