

Titan entrance mat

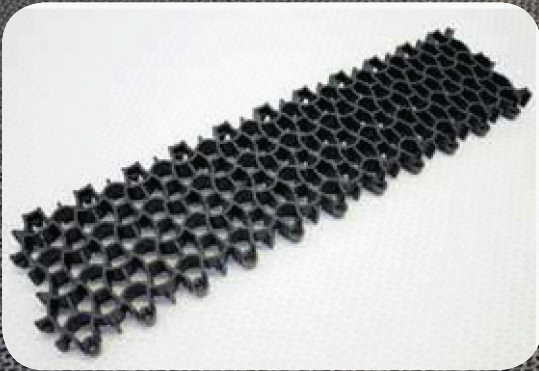

Black

Dark grey

Terracotta

Titan is interlocking modular entrance mat for demanding applications: public buildings, block of flats, office buildings, schools, kindergartens, shops, boutiques, banks etc.

Titan is extremely strong matting for a long life span in demanding indoor and outdoor conditions. A functional Titan entrance mat stops dirt, sand and debris in the entrance area.

Titan is durable modular mat, which can be assembled in a variety of designs and shapes.

Titan has open construction and non-slip and safe surface. Lightweight Titan is easy to handle and roll up for maintenance and cleaning.

Titan tiles are very easy to cut to size and shape. Tiles can be installed in minutes, without the use of special tools. Interlocking modular tiles allow you to create an entrance mat of any length and width.

Lightweight Titan matting is easy to roll up for maintenance. Dirt that falls through the mat can be simply vacuum cleaned from the floor underneath.

Titan has slip resistant surface pattern and it offers maximum drainage. Open grid construction allows water to pass through the mat, providing safe and dry surface

Specifications

| | |
|-------------------------------|---|
| Material | UV-resistant vinyl/NBR 100 % recyclable |
| Tile size | 40 x 10 cm |
| Packaging | 24 tiles / package (= 0,96 m ²) |
| Height | 16 mm and 20 mm |
| Weight | 6,2 kg/m ² and 7,8 kg/m ² |
| Colours | Black, dark grey, terracotta |
| Temperature resistance | -35 °C - +70 °C |
| Rolling load | KfB dynamic test: 300 kg per wheel |
| Fire classification | EN 13501: Cf1 - s1 |
| Slip resistance | DIN 51130: R10 |
| Emissions | ISO 16000-9: TVOC class A+ |
