

Vena[®] Vario

Excellent design for the comfort of patient and nurse

Specially made

Vena[®] Vario

The Vena[®] Vario phlebotomy chair combines comfort and seamless functionality. The easy operation of Vena[®] Vario makes it possible to act quickly in emergency situations. The patient can be put in the Trendelenburg position in one quick move.

Vena[®] Vario makes it possible to sit comfortably and relax during blood sampling. The nurse can provide back and leg support simultaneously which ensures good support to the patient's whole body. When reclined, the nurse or medical expert can also use Vena[®] Vario as treatment table.

Vena[®] Vario is equipped with two height adjustable armrests for the left and right arm. By opting for the multi-adjustable armrests it is even easier to put the patient's arm in a correct and relaxed position and the nurse can draw blood from the patient's arm in an ergonomically responsible manner.

Standard model:

Armrests: 2 x 'Vena[®] fixed' Pur
 Fixed height: 46 cm
 Sizes.: reclined position 167,5 cm, base 58 (W) cm x 70 (L) cm
